Champagne & CHOCOLATES

The Montessori School of Casper is requesting a donation for their annual upcoming fundraiser, Champagne & Chocolates. Our fundraiser will be held on Saturday, February 24, 2024, at St. Anthony's School in Casper, WY. This year's event will feature a Mardi Gras theme night with a live and silent auction, food and drinks, & an unlimited selection of chocolates. This annual event has increased in size and popularity since its inception over twenty years ago.

Montessori School of Casper was founded as Meadowlark Montessori School in 1975. Since then, we have offered a high- quality-learning environment for children between the ages of fifteen months of age and six years. In 2013, Montessori of School of Casper opened its doors to a beautiful new school in what previously was an abandoned warehouse in the Old Yellowstone District of downtown Casper. Our school led the charge on the revitalization of a previously underutilized area of the downtown area, bringing new life to an amazing historical district in Casper. This move also allowed us to nearly triple our enrollment and increase the number of children we can educate in our community. Additionally, in 2019 we were able to open a new Montessori classroom for students as young as 15 months of age. We are so proud that our school is a place of learning, laughter, and beauty in the heart of our community, and it is with the generous support of our amazing sponsors that we have been able to continue to offer Montessori education to the youth of Natrona County.

Montessori School of Casper is a non-profit organization. Through philanthropic support from businesses and individuals, we are able to offer the future leaders of our community an exceptional and high-quality education. Thank you for your consideration in supporting Champagne and Chocolates, Montessori School of Casper's chief fundraising event.

Thank you,

The staff, parents, and children of Montessori School of Casper
